MAYORS FOREWORD

It is with great exhilaration and cordiality to welcome you to our 3rd quarter publication for the financial year 2023/24. This newsletter is issued on a quarterly basis, with the intent of reporting on the progress of service delivery and other functional activities that our municipality takes priority in.

It is pleasing to report a successful and beneficial chain of interactions we had with our ratepayers in the Coastal Areas (Kei Mouth, Chintsa, HagaHaga and Morgan's Bay) in an effort to improve working relations with ratepayers and heighten service delivery. This was heralded by Debt Incentive Scheme introduced by Great Kei municipality to its ratepayers (from December 2023 – May 2024) wherein residents were offered an opportunity to pay in full 50% and receive 50% discount; businesses were to pay 60% in full and receive 40% discount.

The engagements yielded fruitful results, which is evident in improved cooperation between ratepayers' representatives and the municipality in service delivery and rates payment. We thank those residents who regularly pay their municipal accounts in full, and urge any ratepayers who are in arrears to contact the municipality to discuss payment arrangements in line with Debt Incentive Scheme.

As Great Kei Municipality we have very strong Intergovernmental Relations with our stakeholders, including Sector departments. We managed to forge partnership with Amahlathi Health Subdistrict by hosting a powerful TB Awareness Day at Mzwini Community Hall. The event was attended by Mpumakapa (HIV/Aids NGO), Gift of the Givers, TB HIV, Keiskamma Trust (HIV Testing and Screening), Right to Care and the Department of Home Affairs.

Compliance is our strength. In preparation for the 2024/2025 financial year, we had a powerful Strategic Planning Session on the 26-28 February 2024 at Olivewood in Chintsa. We reminded ourselves about dedicating this term of office at advancing a developmental trajectory.

The following 10 key priorities were set for the next financial year:

- Proper Sanitation in Qumrha
- Water Challenges in the entire GKM
- Rural Housing Development
- Visible Policing
- Additional Land for Settlement and Communal Farming
- High Mast Lights in all Wards due to high crime levels
- Internal Streets in all Wards
- Youth Development Programs
- Job Creation
- Access to other government services such as Home Affairs, SASSA, Social Development and Health Services

Following the Strategic Planning Session, we had compliance Council meetings to:

- Adopt Budget Adjustment for 2023/2024 financial year
- Table Draft IDP/Budget for 2024/25 financial year.
- Approve Annual and Oversight Reports (2022/2023 financial year)

MAYORS FOREWORD

In the spirit of promoting Youth development and engaging youth in sporting activities, the municipality, in partnership with Mr Khaya Majeke donated Soccer Kit to Goal Hunters Football Club in Ward 1 (Palana Village).

It is our pleasure to report that a young man from ward 7 left the country to United Kingdom, to represent Old Selbornian Club at the London Marathon (42km).

Easter Season was approached at a very high note through a powerful Arrive Alive: Easter Campaign Launch that was hosted by the Eastern Cape Department of Transport in collaboration with Great Kei Municipality. The launch was held at Kei Bridge, honoured by Hon. Nqata, MEC for Transport in the province.

Our matriculating class of 2023 should be settling into life after school by now. I hope that those who are furthering their studies at tertiary institutions have slotted into this new way of studying. I also hope that those who have joined the workforce are enjoying their new adventure.

I wish all of you only the best and know that you will reach the heights of success if you continue to work hard.

I thank you.

To this end, we can also look at our municipality's mid-term performance report, in terms of budget expenditure as well as performance against set targets."

The Honourable Mayor went on to speak about the strategic partnerships that the municipality has which address some of the challenges that we face such as Youth and Women unemployment. "The youth and women are the most affected by the high levels of poverty and unemployment. As such, in the Great Kei Municipality, programmes targeted at empowering and building capacity of youth have always carried a high priority tag.

"We continue to value and commend partnerships with other spheres of government and private sector in ensuring that we do more together in this regard. With the circumstances surrounding his upbringing, he still doesn't believe he is the Mayor now. Having experienced a difficult upbringing, he chose to maintain his humility. Additionally, he pleaded with the kids to not let their upbringing dictate their future. Cllr. N.W. Tekile remarked, "You need to see beyond your problems." He explained to the kids that discipline develops character. He emphasized that prioritizing education and obtaining qualifications is important for those who are wishing to pursue careers in politics.

In order to assist students who begin their menstrual cycle while in school, a portion of the sanitary towels must be kept on hand for emergencies. He advised the young girls not to be ashamed of having their periods since it is a normal part of life.

A BRIGHT FUTURE PAVED FOR TWO STUDENTS

By Awonke Nkosiwane and Mihle Madlalisa

Two students, one from Siviwe Primary School and the other from Kwenxura High School, received bursaries and a new school uniform from Hon. Speaker Councillor N Mgema on March 18, 2024.

Hon. Speaker Cllr N Mgema addressed the attendees and stated that she had invited the educators to choose the child who they believe is deserving of the school uniform and bursary. She didn't want to ask the ward councillor and risk being accused of nepotism. She asked for the most disadvantaged student at the schools.

The girls who were Sinazo Mtsho from Siviwe Primary School and Endinako Hekeni from Kwenxura High School. Cllr. N Mgema said, "My office adopts these kids." She will pay for their education all the way through to the end of their studies at universities, with the assistance of COGTA. She stated that peer pressure will be their downfall and that she wants them to prioritize their studies. "I want these children to work hard in school so that they can raise high the flag of their families." said Hon. Speaker. She said that she always be willing to assist with anything related to their schooling. Given that Sinazo's school does not have blazers, she presented an amount of R800 to purchase a golf t-shirt and a tracksuit. Additionally, she urged parents to be involved in their children's education. Additionally, she distributed sanitary towels

Endinako's mother, who shared that at the beginning of the school year, they had to go door to door begging other children for their old uniforms so that her daughter could go to school. She will always be appreciative because Speaker purchased her daughter a school clothing and offered her assistance with school related matters.

Sinazo's mother said that her daughter receiving a bursary and a new school uniform made her so emotional that she was unable to even express how happy she was. She then went on to show gratitude to the Hon. Speaker for her assistance with her daughter; "ndiswele amazwi ombulelo mama uSpeaker, andizazi noba ndingaqala phi ukubulela, kodwa into endinoyitsho kukuba umntwana lo uzakuzimisela, ndiyabulela kakhulu zenenze njalo nakwabanye"

Picking Sinazo for the bursary was easy because, as her teacher, Ms. Mevana, declared, "She is a genius." She described Sinazo as gifted, passionate, and skilled in drawing, which she finds enjoyable. In order to fulfill her potential, she would like assistance from the municipality.

Endinako's class teacher, Miss Webhu, expressed appreciation to the speaker for her actions and showed happiness that Endinako will be receiving this financial assistance and a new school uniform.

The SGB expressed gratitude to the municipality and stated that this program will motivate students to put in a lot of study time. In closing, Hon. Speaker Cllr. Mgema urged the schools to ask ward councillors members to attend SGB meetings so they can learn about the difficulties facing the school.
