MEDIA STATEMENT

Qumrha; 19 December 2025

FOR IMMEDIATE RELEASE

Great Kei Municipality Receives a Clean Audit for 2024/25

Great Kei Municipality is proud to announce that the Auditor-General has awarded the municipality a Clean Audit Opinion for the 2024/2025 financial year. The results were formally presented to Council during an Ordinary Council Meeting held on 5 December 2025.

In his remarks, Mayor Cllr N.W. Tekile welcomed the achievement as a major milestone in the municipality's turnaround journey. He highlighted that after years of disclaimers, adverse and qualified opinions, and a difficult period of instability, the municipality has now demonstrated strong financial discipline, compliance, and credible reporting.

Importantly, the Mayor emphasised that Great Kei Municipality did not achieve a Clean Audit at the expense of service delivery. On the same day the audit results were presented, he officially handed over a fleet of **new service delivery vehicles, including 4 x Bakkies, a 14-seater Minibus, a Polo Vivo, a Walk-behind Smooth Roller and a Tipper Truck.** These vehicles will strengthen the municipality's capacity to respond to community needs, support operations, and enhance frontline service delivery.

The Mayor thanked the Auditor-General, the Municipal Manager, Senior Management, Councillors, and all officials for their commitment to strengthening governance. ***"This Clean Audit belongs to the people of Great Kei. It shows what is possible when we work together with accountability and integrity,"*** he said.

The municipality remains committed to maintaining these standards and ensuring that improved governance translates into better and more reliable service delivery for communities.
